Mrs. Manley,  
101 Montgomery Street,  
Newark, N. J.

Dear Mrs. Manley:

We are in camp and have had two days' workout. The park is in good condition; the weather is hot; and we have a very nice place to stay. Thirteen (13) of the boys are in one house and two (2) are at Dr. Slack. The house is new and the boys are crazy about it. We lost four (4) hours in getting Brown, but I did it because Cozark did not come. We got here at ten O'clock Friday night, having lots of rain on the way down. The two (2) new boys haven't any snees, and I did not buy them any. Advise me. I also opened this letter and showed it to Mackey and asked him what he wanted to do. He suggested bringing them to camp anyway. They are both only eighteen (18) years old. Hill did not arrive yet, nor Day. I had to advance Brown five-dollars (\$ 5.00).

Now Mrs. Manley, please let me know about the games. I am writing Tampa about a game on April 27th, which I heard is a good town, and also Fort Benning Georgia for the 22nd or 23, as we will be in

Jacksonville, Florida on 20 and 21, since it is only one hundred and twenty miles (120) from Jacksonville to Fort Benning Georgia.

Please let me know at once so when I hear from these teams I will know what to do, whether to accept the games or not. Please send me Posey's address. I guess this is about all as Dr. Slack has already started advertising the game for Easter Sunday, which I think, will be very good.

Very truly yours,

William "Bill" White

P. S. I am also mailing you the bills for the trip on the way down. I paid a week in advance for thirteen (13) and the two (2) boys at Dr. Slack I did not pay. Please don't forget to advise me what to do about the two (2) boys.
